

EVOLVE S10

World-class product protection

The EVOLVE S10 is a high-performance EAS antenna that blends seamlessly into a store's façade, offering discreet yet highly-effective protection against theft.

- Developed especially for retailers where aesthetics are paramount
- Ideal for stores with limited space
- Mountable onto virtually any entrance/exit frame
- Compatible with all Checkpoint EAS solutions and RF labels and accessories

EVOLVE S10

Product Specifications EVOLVE S10

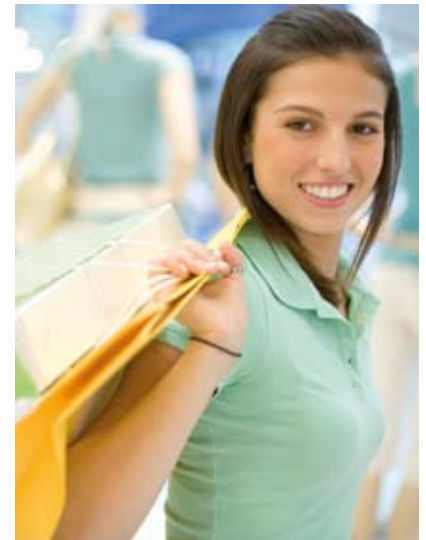

Width:	3.98 in. (101 mm)
Depth:	5.12 in. (130 mm)
Height:	68.8 in. (1748 mm)
Weight:	51 lbs. (23 kg)/ 57 lbs. (26 kg incl. mounting plate)
Material:	Satin/Stainless Steel
Color:	RAL 9002
Max. voltage:	24 Volts

The EVOLVE S10's performance is not compromised in any way by its slim, unobtrusive design. Like the rest of the EVOLVE range, this antenna benefits from full system connectivity and Software Defined Radio (SDR) technology for excellent detection and future upgrades.

- Connects seamlessly with other components of the EVOLVE network
- Benefits from remote maintenance and software upgrades through high-speed data connectivity
- 360 RF technology improves detection by up to 25 percent*
- Open architecture enables retailers to adopt new technologies, such as RFID, when they are ready
- Remote preventative maintenance can be carried out regularly to ensure optimum performance

COMPLEMENTARY SOFTWARE

CheckPro Compliance Manager is available to work in concert with this antenna.

*When compared with Checkpoint Liberty/3G antennas and used with Checkpoint EP labels
